Conversion Benefit

Upon request, your client may convert all or a part of the PL Promise Term policy's death benefit to a new permanent life insurance (also known as cash value life insurance) that Pacific Life makes available at the time of conversion. This conversion right is available for the duration of the guaranteed level premium period,

or up to the insured's age 70, whichever comes first. Evidence of insurability is not required. For policies issued at insured's age 70 or above, there is no conversion privilege. The conversion must meet company rules at the time of the conversion.³

VALUE-ADDED BENEFITS⁴

Accelerated Death Benefit Rider

This policy provides for an accelerated death benefit payment, payable in the event of the insured's qualifying terminal illness. This feature is provided at no additional cost.

The accelerated death benefit is based on a portion of the policy's death benefit, subject to a maximum benefit amount. The accelerated death benefit is treated as a lien, which accrues interest. Upon the death of the insured, the death benefit payable is reduced by the total accelerated death benefit lien.

Rider form #R16LYTIR or ICC16 R16LYTIR, based on state of policy issue.

Children's Level Term Insurance Rider

This rider provides death benefit protection for families with one or multiple children. A single rider charge covers all covered children, issue age 15 days–18 years. The maximum coverage amount is \$10,000 per policy, with a total of \$20,000 per child for all policies the insured has with Pacific Life. Coverage on a dependent child terminates on the earlier of the child's 25th birthday, the policy anniversary nearest the insured's 65th birthday, the insured's death, or upon conversion of the rider.

Rider is available to policy insureds ages 18-55 with no worse than a Table 4 Rating. Rider coverage is subject to underwriting approval for each child alive at the time the rider is issued. Rider form #R18LYCT or ICC18 R18LYCT, based on state of policy issue.

Waiver of Premium Rider

If your client elects to add this optional rider for additional cost to the policy, Pacific Life will waive premium payments while the insured is totally disabled.

The insured must provide written notice and proof of total disability and provide proof that total disability has existed continuously for 180 days or more. This benefit will terminate at the insured's attained age 65 or upon termination of this policy or rider, if sooner.

Rider is available to insureds issue ages 18-55 with no worse than a Table 4 Rating and a death benefit amount of \$5 million or less. Rider issue is subject to underwriting approval of the insured. Rider form #R16LYPW or ICC16 R16LYPW, based on state of policy issue.

³ There are circumstances in which replacing your client's existing life insurance policy can benefit your client. As a general rule, however, replacement is not in your client's best interest. You should make a careful comparison of the costs and benefits, including any applicable surrender charges, of your client's existing policy and the proposed policy to analyze how a replacement may affect your client's plan of insurance. You should provide this detailed information to your client and discuss whether replacement is in your client's best interest.

⁴ Riders will likely incur additional charges and are subject to availability, restrictions, and limitations. Please refer to the policy and rider contract for additional details. Clients should be shown policy quotes with and without riders to help show the rider's impact on the policy's values.
